# Whiting Systems, Inc. Industrial Power Wash Systems Automated Vehicle

Causes severe skin burns and eye damage

Physical state Liquid

Appearance Blackish Brown

Odor Characteristic Solvent

# Wash Systems

**Product Name** 

SmartWash® Black Magic

Recommended Use Cleaning agent.

Hazard statements

Issue Date 09-Nov-2004

### Revision Date 27-Jun 2014

# SAFETY DATA SHEET

**1. IDENTIFICATION** Supplier Name and Address Version 2

**Emergency Telephone** INFOTRAC 352-323-3500 (International)

800-535-5053 (North America)

800-542-9031 2. HAZARDS IDENTIFICATION

Whiting Systems, Inc.

9000 Highway 5 North Alexander, AR 72002

Signal word Danger

### **Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a POISON CENTER or doctor/physician

IF ON SKIN: (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower Wash contaminated clothing before reuse

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Immediately call a POISON CENTER or doctor/physician

IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician Rinse

#### Skin corrosion/irritation Category 1 Serious eye damage/eye irritation Category 1

**Precautionary Statements - Prevention** Wash face, hands and any exposed skin thoroughly after handling Do not eat, drink or smoke when using this product Use only outdoors or in a well-ventilated area Do not breathe dust/fume/gas/mist/vapors/spray Wear protective gloves/protective clothing/eye protection/face protection

**Precautionary Statements - Storage** 

Store locked up

Precautionary Statements - Disposal Dispose of contents/container to an approved waste disposal plant

Hazards not otherwise classified (HNOC)Not Applicable

	3. C	OMPOSITION/INFORMATIC	IN ON INGREDIENTS			
	Chemical Name	CAS No	Weight-%	Trade Secret		
:	Sodium Tripolyphosphate	7758-29-4	1 - 5	*		
		4. FIRST AID MEA	SURES			
Inhalation	Remove victim to fresh air and keep at res physician immediately.	at in a position comfortable for	or breathing. Wash mouth and nasal pa	assages with water repeatedly. Call a		
Eye contact	Immediately flush with plenty of water. After cian immediately.	er initial flushing, remove any	y contact lenses and continue flushing	for at least 15 minutes. Call a physi-		
ngestion	Rinse mouth. Do NOT induce vomiting. Drink plenty of water or milk immediately. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.					
Skin Contact	Wash with soap and water. DO NOT atten	•	al agents. Take off contaminated cloth	ing. Wash contaminated clothing be-		
loot importor	fore reuse. If skin irritation persists, call a					
	t symptoms and effects, both acute and de May cause irritation to the mucous membran		ct. Prolonged breathing of vapors may	cause nausea, headache, weakness		
Symptoms: a	and/or dizziness. Exposed individuals may e. areas. Irritates the digestive tract.					
lote to physici	ans Treat symptomatically. Existing condit	tions aggravated by exposur	e: skin disorders, skin allergies, respira	atory disorders, eye disorders.		
		5. FIRE-FIGHTING M	EASURES			
Suitable Exting	uishing Media Carbon dioxide (CO2). Wate	er spray (fog). Dry chemical.	Chemical foam.			
Insuitable Ext	inguishing Media Not determined					
	Is arising from the chemical Keep contained objective objective contained to directly contact the eyes.	ers cool with water spray to p	revent container rupture due to steam	buildup. Material is alkaline and will irri-		
	ipment and precautions for firefighters As full protective gear.	s in any fire, wear self-contain	ned breathing apparatus pressure-dem	and, MSHA/NIOSH (approved or		
		6. ACCIDENTAL RELEAS	SE MEASURES			
ersonal preca	utions: Use personal protective equipment a	as required.				
	precautions: For spills in excess of allowab ERCLA 40 CFR 302 for detailed instructions			refer to SARA Title III, Section 313 4		
Methods for co	ntainment: Confine and absorb into approv	ed absorbent Methods fo	r cleaning up: Place in appropriate co	ntainers for disposal.		
		7. HANDLING AND S	STORAGE			
	handling: Handle in accordance with good handling. Use personal protection recommendation in the second sec			s/mist/vapors/spray. Wash		

temperatures.

Incompatible materials: Strong oxidizing agents. Strong alkalis. Metals. Cyanides. sulfides. Glass. Ceramics.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION						
Chemical Name	ACGIH TLV OSHA PEL		NIOSH IDLH			
Sodium Tripolyphosphate	15 mg/m₃	15 mg/m₃	-			
7758-29-4						

**Engineering Controls** 

Apply technical measures to comply with the occupational exposure limits. Provide sufficient mechanical ventilation to maintain exposure below TLV(s). Eyewash stations.

Individual protection measures, such as personal protective equipment

Whiting Systems, Inc.

### Engineering Controls

Apply technical measures to comply with the occupational exposure limits. Provide sufficient mechanical ventilation to maintain exposure below TLV(s). Provide Eyewash stations.

Eye/face protection	Wear approved safet	y goggles.					
Skin and body protection	Neoprene, butyl or ni	trile rubber gloves with cuffs.	Wear impervious prote	ctive clothing, including boots,	gloves, lab coat, apron		
Respiratory protection	Under normal condition	opriate, to prevent skin contac ons, respirator is not normally priate certified respirators.		rs are facing concentrations al	pove the exposure limit		
General Hygiene Considera		e with good industrial hygiene	and safety practice.				
		9. PHYSICAL AND CHEMI	CAL PROPERTIES				
Property_	<u>Values</u>	Remarks • Method	Remarks • Method		Values		
pH	Not determined Boiling point Not determined Boiling point		(water = 1)		1.012		
Melting point/freezing poin Evaporation rate					Not Determined		
Flammability (solid, gas)	n/a-liquid		E	ynamic viscosity	Not Determined		
lammability Limits in Air			E	xplosive properties	Not Determined		
Upper flammability limits	Not applicable		C	xidizing properties	Not Determined		
Lower flammability limit	Not applicable		A	utoignition temperature	Not Determined		
Vapor pressure	17 mm Hg	@ 20 °C	S	olubility in other solvents	Not Determined
